

Team Captain Responsibilities

Bowling is a simple and fun way to raise money for the Muscular Dystrophy Association (MDA).

Recruit Team Members

These team members (bowlers) don't need to know much about bowling or even be good bowlers. Co-workers, business partners, family members, neighbors, etc., are welcome to join you! They just need to have the ability to get others excited about contributing to a respected charity, MDA, and that it's a fun event. Set a goal of recruiting four to five people for your team.

Help Fundraise

Thank your team members for participating and inspire them to raise at least \$100 for MDA. Consider even setting a team goal! Be sure to [tell them how](#) the money they raised is helping provide programs, services and support for families in our community and in hometowns across America.

Stay Connected

Communicate all event details to your team members, including any incentives and prizes available. Meet with them prior to the event to collect donations, fill out their [bowler donation log](#) and get them excited about the event!

Have Fun

Please bring all the money you have collected to the bowling center with you, including all bowler donation logs. We hope you have a great time bowling and participating in all the festivities!

If you have any questions, please contact your bowl coordinator or local MDA staff.

**Thank you for your support of MDA
and taking on this role as team captain!**

Your leadership will help us achieve a world where no one has to experience the harmful effects of muscle-debilitating diseases. And, the dollars you raise through this event help fund urgently needed treatments and support for families living with muscular dystrophy, ALS and related life-threatening diseases.
